

Dear Friends:

As some of you know, Chapman Basketball Academy has had a very busy and exciting 2019 so far! We can't thank everyone enough for all of the support.

We are training and developing over 900 players, 33 teams and over 40 coaches!

Our vision and goal is to develop as many players and coaches as possible—and to do this we need your help!

We're putting together our 1st ever CBA golf outing on Monday, **September 30th** at **Westmore Country Club in Brookfield**. Our keynote speaker is former MU/NBA player, and current Bucks TV analyst, **Steve Novak!**

This event will support our CBA Excellence Fund. It should be a blast!!

The funds raised will immediately be put to work by helping us achieve the following goals:

1. Provide “free” **recruiting services** to our players qualified and interested in playing college basketball. Currently services offered through AAU clubs or independent services cost families well over \$1,000. Our goal is to provide this service with no added expense to our athletes.
2. **Training, Technology and Film for our staff**. We would like to provide iPads to our Head Coaches to film games and practices, rent classrooms and begin implementing film sessions for our teams. No other club is doing this and we feel this is a huge advantage to our coaches and players! We would also like to provide coaches clinics to develop and mentor our staff.
3. **Education**. From nutrition, injury prevention, social media education and leadership. We'd like to provide our athletes and staff access to subject matter experts throughout the calendar year.
4. **Performance Training**. We focus heavily on skill development on the court, however we understand and appreciate the need for strength, agility, speed and balance. New funds will help pay for great training!
5. **Transportation**. Getting players to and from training and practice on-time is a must and challenging for some players/families. We have a goal to accommodate all our athletes.

Again, your support and generosity by playing and/or sponsoring our event is truly appreciated!
